

NSF - Bee Competitions

About NSF

North South Foundation (NSF) is a volunteer driven non-profit organization established in the USA in 1989 with operations in USA and India. It awards scholarships in India to meritorious and financially disadvantaged students. NSF promotes creative learning through focused intervention by conducting Bee competitions in Spelling, Vocabulary, Math and Science starting from Class II to Class IX.

NSF-Bee Competitions

NSF believes that Bee competitions help children to improve their communication, leadership skills and self confidence, and empower them to become better citizens of tomorrow. Keeping this vision, NSF has started to conduct Bee competitions in India in the year 2010.

These competitions are conducted annually in two stages. In the preliminary round, children participate in the competitions held at their respective schools. Winners of these competitions compete at the National Finals.

Starting 2015, NSF also started conducting similar competitions across the country to promote creative learning among the less fortunate but bright children from the rural areas. This initiative is funded from the money raised through holding Bee competitions in the private schools.

Rewards & Recognitions

Preliminary Level:

- Participation Certificates
- Recognition of top performers

National Level:

- Participation Certificates
- Excellence Awards for top performers

Process for Bee competitions

- All the students studying from Class II to IX are eligible to participate
- The Bee Competitions registration is done by the schools through an online registration system. The student has to pay the registration fee of Rs. 200/- per competition, to the school at the time of registration.
- The students can, if they wish to, purchase the relevant workbook to prepare for the Bee competition by paying Rs. 200/- per book
- The competition dates will be intimated to the student through the school.
- The results of the preliminary round will be intimated through the schools within two weeks of the Bee competition.
