

ANNUAL REVIEW 2019

NORTH SOUTH FOUNDATION

2, Marissa Court, Burr Ridge, IL 60527-6864 Phone (630) 323-1966

Celebrating 30th Year of Promoting Excellence in Education

North South Foundation is all run by volunteers. In order to sustain and grow, we need certain values that we all believe in and abide by. They provide the common bond connecting all of us to act together in unison with a common vision to achieve the seemingly unachievable.

Consistent with our service motive, our core values are:

- Work for a cause, not for applause.
- Live life to express, not to impress.
- Don't strive to make your presence noticed, just make your absence felt.

Consistent with our core values, our core beliefs are:

- There is goodness in every human being.
- The true test of goodness is doing good for others.
- Be the best you can be in doing good.
- Collective goodness can redress suffering in society.
- Volunteer-run organizations without payroll can sustain, grow, and be relevant.

The table below highlights some accomplishments at North South Foundation.

INDIA	1994	1999	2004	2009	2014	2018
Chapters	3	5	10	14	26	26

Cumulative Scholarships	12	43	101	266	446	614

Over the last eight years, North South online coaching has become very popular in the US. The program includes Math, Science, Geography, SAT/ACT, Computer Programming, Life Skills and Universal Values. More than 4,000 children have enrolled this year. Online workshops are also be-

coming popular. We have added Math and College Admissions Planning in 2016. Prep Club has also become popular at the Columbus, OH chapter with more than 400 registrations in 2018. It is gratifying to know that North South has been able to serve thousands of talented children, both in India and US. The credit goes to the thousands of dedicated volunteers, donors, and parents. We are very grateful to all of them.

Structured Learning for Children

Structured Learning is a new initiative introduced to NSF children in 2016. Despite the preparation section we have posted for each contest, some parents seem to feel it is not adequate. So we are providing a weekto-week study guide along with a specific reference to a book(s) or source, where parents can acquire study material.

This self-study guide will give an opportunity to parents to secure the material and provide guidance to their children on a week-to-week basis. Instead of solving their children's problems, they should only help them solve their problems. The material will be consistent with the syllabus, which may be above that of a regular public school. Our goal is to help improve children's skill level to match or exceed international standards by the time the children reach 8th grade. The self-help guide is a first step in going up the rungs on a ladder to reach out to the goal post. If parents do their part in inspiring and motivating their children to excel in the academic studies and continue to participate in NSF activities, we can assure that the children will be in the top 10 percent, if not in the top 10 ranks.

While mother, father and school form three legs, NSF becomes the fourth leg of a stool (of academics). If a child starts in first grade and follows through diligently, he/she will be on a firm ground when entering high school. We have more than 10 years of data to demonstrate these positive outcomes.

The structured learning program guides are available to parents after registering their children in NSF contests, every year.

North South Foundation National Team

Gratitude Letter from a Participant What I gained from North South Foundation

Aniruth Narayanan, Founder/President, National Student Speakers
Association (a non-profit organization)

There is a certain tendency to focus on the short-term benefits of engaging in an activity when evaluating and reflecting on it. Thinking about what will immediately happen and momentary benefit is easier to notice than knowledge gained, for example. North South Foundation conducts contests here in the United States to promote excellence in education while generating funds towards scholarships back in India so students can pursue higher education. My personal experience has been with the domestic contests, year after year for nearly eight years. Now that I am an 11th grader in high school in the IB program, I see the difference that North South Foundation has made that I was not focusing on when I was younger. They can be summed up into four different categories: Academics, Leadership, Volunteering, and Mentoring.

The clearest benefit from North South Foundation most often cited is academics. Mastery over content areas like math, science, history, vocabulary, spelling, geography, and more contribute to success in school beyond the grade level. The biggest reason why this was important for me was that it freed up time for me to engage in extracurricular pursuits without worrying about school. Instead of spending a night studying for a test, since I already knew the content, I could spent that time preparing a speech to deliver that weekend or on online courses. While there is flexibility, contests uniquely promote this learning almost unlike anything else because they pose a powerful incentive to learn and go above and beyond. It is important to remember that trophies are not the end goal, but they are a tool to the ultimate goal of knowledge.

This is not the only aspect of North South Foundation, however. While it may be the most direct, leadership, volunteering, and mentoring were all impacts on me as well. I was in a unique position in the Tampa chapter as a contestant because my days would not end when the contests or even the award ceremonies. After everyone had left, I would be the last to leave

- not of my own want, at first, but because of my father. My father had taken on the role of Chapter Coordinator and I was to wait until all of his tasks had been completed. While I wasn't excited at the time, hindsight reveals there was more than what met the short-term focus. I created contacts, met people, networked to make myself known as more than just the "chapter coordinator's son". I took on larger roles over time as I found myself indirectly being told to volunteer and help out, beginning with sending messages to people that had silenced their phones all the way to proctoring Spelling Bees and running the Public Speaking contest now as contest master now. These roles do not appear out of thin air; they are built slowly over time just as a glacier moves slowly but surely. Leadership from North South Foundation such as speaking on Live TV when Nationals were held in Tampa expanded into school as well, taking on larger delegate roles within clubs and teaching me to take initiative.

While I volunteered and gained leadership, I met countless mentors that guided me on my path to where I am today. It is only due to these people in the community, that guide for the purpose of guiding, that shaped me into the individual I am now. That is also the reason why I feel it is only right to reciprocate the same actions, mentoring within my own chapter. Using the leadership skills that North South Foundation has given me the platform to practice on my own skills, I have founded a nonprofit National Student Speakers Association (www.nationalstudentspeakers.org) and am doing a workshop with my Tampa chapter through this nonprofit before the Public Speaking contests to give back to the community as the community has given to me.

My main point is that North South Foundation extends beyond the academic contests. Participation brings knowledge about the world, of course, but it also provides opportunities to bee the best you can be. I thank North South Foundation for all of the opportunities that I have had, and I hope that more people see beyond to every benefit of North South Foundation. The most important thing that we can do is to take opportunities when they pass by, and when they are not there, to create our own. North South Foundation has much more than just short-term benefits.

What is North South Foundation?

Non-profit Organization, Tax ID: 36-3659998, 501(c)(3) 2 Marissa Ct, Burr Ridge, IL 60527-6864, Ph: 630-323-1966

North South Foundation is a non-profit organization established in Illinois in 1989. It received tax-exempt status under the IRS Section 501(c)(3). **Our Vision:** Every child should reach his or her maximum potential **Our Mission**

- Provide hope to children and families who may have none, un leashing a lifetime of potential success. Maximize human potential by giving scholarships to brilliant but most needy among the poorest of poor students in India entering colleges, regardless of religion, gender, caste or creed.
- Promote excellence in human endeavor by organizing Education al Marathons for mission-driven children in the USA. Maximize human potential by giving educational tools to children in the United States, regardless of religion, gender, caste or creed.
- Promote excellence in the practice of universal human values.
- Instill "Pay it Forward" culture among the NSF Alumni.

The Foundation is all-volunteer driven with less than 5 percent overhead. It is a virtual organization with no payroll, office or physical assets.

The Scholarship program in India is designed to encourage excellence among the poor. It is targeted at qualified, most needy students entering college. More than 18,500 scholarships have been awarded to date. The Foundation plans to give 3,000 scholarships during the current academic year. Each scholarship is \$300 per student per year. Awards are made following strict selection criteria based on merit and need. Students are selected from 25 centers spread across India. These centers are run by dedicated volunteers who are committed to the noble cause of helping the poor who excel in studies attend college. There is a plan to add more chapters, especially in states where NSF does not have a presence. Please contact us if you can help us start a new chapter.

Educational contests in the US are designed to encourage academic excellence among Indian American children. The spelling, vocabulary, math, science, geography, essay writing, public speaking, and brain bees are conducted annually in two steps. Children initially participate in any of 90 centers in the US. Winners of these contests are invited for the na-

tional finals. National top three rankers are awarded scholarships ranging from \$1,000 to \$250, redeemable in the winners' freshman year of college. More than 175,000 contestants benefited from NSF bees. Please contact us if you would like to have a chapter in your area. Educational contests are also being conducted in India on a pilot basis.

Online Coaching and Workshops: NSF offers online coaching in Math, Science, Geography, SAT/ACT, Computer Programming, Life Skills, Universal Values and Vedic Math. With more than 250 volunteer coaches and 4000+ students. NSF Online coaching has been instrumental in not only furthering the education and skills of US students but raising significant money towards scholarships. Skilled high school students are provided the opportunity to coach and earn credit towards volunteer service hours and also Presidential Service Awards. Online coaching is made possible through the dedication of more than 260 volunteer coaches with a passion to make a difference. NSF conducts online workshops in spelling, math, science, geography and college admissions planning. These workshops provide a focused learning opportunity and a method to enhance their skills.

Accomplishments of North South Foundation Children: Many NSF children have scored top ranks in the Scripps National Spelling Bee, National Geographic Bee, MATHCOUNTS, Math Olympiads and Science Bowls. Top colleges in the US have accepted numerous NSF children. More importantly, these contests help children improve their communication skills, self-confidence and empower them to become better citizens for tomorrow.

Role Model Award: The Foundation has awarded its inaugural Role Model Award, 'Vishwa Jyothi' to Rajiv Vinnakota in 2003, Nipun Mehta in 2004 and Nimesh Patel in 2014. It helps to showcase human values and academic excellence to the children of Indian American community.

For further information, please contact Dr. Ratnam Chitturi at 630-323-1966 or chitturi9@gmail.com

Highlights of 2018

North South Foundation Kids

True its mission, many NSF kids won accolades with their accomplishments

in several national mainstream contests, including:

Scripps National Spelling Bee – it has been 9 years of winning streak with Karthik Nemmani winning the championship for 2018; **National Geographic Bee** – it has been 6 years of winning streak with Venkat Rajan winning the title. 7 out of top 10 places at this bee are NSF children;

International Geography Bee World Championship – For first time NSF kid, Saket Pochiraju, won this contest held in Berlin, Germany; Mathcounts is another area of major accomplishment for many NSF kids participating in the national final contest, at a record number.

Online Coaching

NSF online coaching program has become a breeding ground for future champions in NSF educational contests that take place at close to 90 regional chapters across the US. The online coaching program continues to expand with progress in number of course offerings, students, volunteer coaches and funds raised for the noble cause of helping the needy children. The most notable being the introduction of online Science coaching with 3 levels (junior, intermediate and senior) for kids in first to eighth grade. In the first year itself, science coaching reached the highest enrolment of over 800 students. NSF online coaching recorded the highest ever registrations with well over 3738 students enrolled in PreMathcounts, Mathcounts, SAT English, SAT Math, Geography, Science and Universal Values programs in 2018. With the success of the program in enrolment, the funds raised support over a thousand scholarships to help the needy kids in India. The online coaching program is only possible with a dedicated team of volunteers; it starts with the able leadership of Dr.Prayeen Goli as the overall program director. There are 250+ coaches and separate program leads for each area of coaching. There have been significant improvements made in technology: including automated scheduling of Webex sessions to assist coaches; establishing a support ticket system to help with problem resolution.

Classroom coaching (PrepClubs)

It is 9th successive and successful year of conducting classroom coaching by Columbus, Ohio chapter. Run by dedicated parents and youth volun-

teers to help local NSF community with more than 200 kids attending this year (2018-19). The classes are held every Saturday starting September until March of following year. It has become a model for other chapters to follow.

2018 National Finals

The 2018 National Finals contests were held on September 1st, 2nd at the University of Maryland, college Park, MD. This was the 26th anniversary of highly successful academic contests. The competitions on both the days were attended by more than 1200 participants and supported by more than 300 volunteers that included several local chapter volunteers, past NSF children and High School students. For the first time Remind-based communication was morphed into real-time online help center(e-Helpdesk) for ease of communication.

Matching Gifts

There are many companies that encourage giving for education by matching a dollar for a dollar gift to their employee contributions. This is a nice way to double your contributions to the Foundation. Please find out if your employer does this. The Foundation has received matching funds from several well-known companies including Abbott Lab, American Express, Bank of America, BP, Bristol Myers, Cisco, IBM, Intel, Microsoft, Monsanto, Oracle, Pfizer, Tudor Investment Trust, United Technologies, and Verizon. In addition, the Foundation is grateful to all the corporate employees contributing to United Way (individual companies allow for pay-roll deductions of the employees contribution to the United Way) who have designated their contribution for North South Foundation scholarships. For further information, please call 630-323-1966.

Volunteers

The last several years have seen tremendous growth for the academic contests held by NSF among 90 regional centers. We are happy to report that around 16,000 contestants registered in various categories this year. It was all possible with thousands of volunteers across the country. The Foundation is always looking for new volunteers in many areas of its endeavors. The success of any public foundation depends on its volunteers. It is the collective efforts of volunteers that made this Foundation what it is today. Volunteerism is like an elastic band. You only need to spare as little as you can afford or extend as much as you love to contribute. You will get the satisfaction of promoting excellence in education among the most impoverished in India and children in our community in the US. Some cor-

porations also encourage their employees to become volunteers by providing financial contribution. The Foundation received such contributions from Allstate, HSBC, Intel, Microsoft and Pfizer.

Educational Contests in the US

The expenses for conducting the contests are covered by registration fees and local collections. The scholarships for the National Champions are covered by contributions from individuals, non-profit organizations, and excess funds remaining from the registration fees.

India Activities

During 2018 scholarship season, we continue to actively promote scholarship program in 30+ India chapters; more than 1700 scholarships were awarded. For the 2018-19 academic year, the target is 3,000. NSF website (www.northsouth.org) was updated to make it easy for potential applicants, volunteers and donors to access information about our India scholarship program. For more information about India Scholarship program, please contact Ganesh Dasari(ganesh.dasari@northsouth.org)

APNA - Ambassador Program for North South Foundation Alumni

Separately, NSF also offers a great leadership and volunteering opportunity for NRI high school kids to work in India during summer. It is the Ambassador Program for NSF Alumni, where the high school kids will help organize and coach kids in India with English, math, science or geography, particularly in government schools in rural areas or urban municipal schools. For a preview, please see the website for stories of past participants: http://www.northsouth.org/public/APNA/apna.aspx

First National Leadership Conference:

First ever NSF National Leadership Conference was held at Chicago in November 2018. All Chapter Directors, National Team, Coreteam and Board members attended the two-day event with activities scheduled from morning to late evening. The purpose was to meet in person and reenergize the leadership as part of the sustain and grow strategy for the foundation

2018 Perfect Scores in Regionals

Intermediate Brain Bee	Arushi Bagchi	7	Los Angeles, CA

Online Coaching and Workshops

NSF offers online coaching in Math, Science, Geography, SAT/ACT, Computer Programming, Life Skills, Universal Values and Vedic Math. With more than 250 volunteer coaches and 4000+ students, NSF Online coaching has been instrumental in not only furthering the education and skills of US students but raising significant money towards scholarships. Skilled high school students are provided the opportunity to coach and earn credit towards volunteer service hours and also Presidential Service Awards. Online coaching is made possible through the dedication of more than 260 volunteer coaches with a passion to make a difference. NSF conducts online workshops in spelling, math, science, geography and college admissions planning. These workshops provide a focused learning opportunity and a method to enhance their skills.

ONLINE COACHING CLASSES

The NSF Online coaching program helps students discover their abilities. explore new academic concepts, prepare for competitive tests and celebrate their accomplishments. 2018 is the ninth consecutive year of NSF successfully embracing the online coaching trend. This year 250+ coaches are handling 300 classes during the weekday evenings and whole day during weekends at times that are convenient to students. About 3900 students are getting immersed in not only preparing for Mathcounts, National Geographic GeoBee, SAT/ACT but also to learn to explore their Scientific curiosity, learn to practice Universal Values and learn Confidence Building Life skills. These coaching classes not only teach the students fundamental concepts but also prepare them in advance for NSF regional and National contests. The NSF coaching program is only possible because of the dedicated and passionate volunteers who are part of this successful effort. Every year we also have several talented high schoolers who volunteer to coach. NSF certifies the volunteer hours of these high school students not only towards their high school graduation requirements but also for US Presidential volunteer awards. The popularity of the coaching program among the NSF Parents is indicated by the growth in student registration count from 634 in 2010 to over 4390 in 2018. While all the funds raised through the NSF coaching program is used to fund scholarships in India, two-thirds of the fee that parents pay for the coaching program is considered as a tax-deductible contribution. Parents can also request their employer to match the tax-deductible contribution component - further increasing the funds that NSF can use towards scholarships.

MATHBEE COACHING

Offered for the past eight years, Online MathBee coaching has been NSF Parents' first stop to build aptitude and love towards Math and problem solving. The coaching program introduces advanced Math concepts to children in elementary to middle school students ahead of their school curriculum. Students learn the concepts and practice through solving problems. Realizing how thirsty the parents were to enhance their kids learning at a young age, in 2016, we started a MB1 program for the 1st and 2nd grade students based on Singapore Math syllabus. The PreMath-Counts MB2 program enhances kids learning by teaching many concepts associated with problems that they encounter during competitions. The MB3 program provides coaching for children aspiring to appear in the National MathCounts competitions by teaching them advanced concepts, strategies and techniques to solve MathCounts problem. NSF children also have our own Regional and National contests.

Enrollment: MB1 (Grades 1 & 2) – 193; MB2 (Grades 3, 4 & 5) - 698; MB3 (Grades 6,7 & 8) – 497

GEOGRAPHY BEE COACHING

Started just 5 years ago, the GeoBee program has the densest classrooms with people eager to activate their GPS senses. Online Geography Bee provides structured learning for students curious about the world. The coaching program prepares children aspiring to appear in the National Geographic Society's National Geographic Bee competitions. Unlike the National GeoBee contests that is limited to students in grades 4 through 8 and is offered through Children's own school, NSF conducts its own Regional and National contests for two separate age groups: Junior group for kids in Grades 1, 2 and 3 and the Senior group is for kids in grades 4 through 8.

Enrollment: JGB -(Grades 1, 2 & 3) - 200; SGB - (Grades 4 through 8) - 265

SCIENCE BEE

This is a novel program where we want to celebrate and encourage the scientific minds of the NSF children. The goal of the coaching program is to imbibe and inculcate curiosity and scientific enquiry thought process in young minds. Online Science coaching is a unique NSF program that is not offered by any other entity here in the US. Students are taught to hypothesize, conduct experiments at home, observe and record the data and the develop conclusions! Science experts run these courses which outpace science of the US School curriculum. We have our own Regional and National Science Bee contests. The Science coaching program is offered for

three different age groups.

Enrollment: JSC -(Grades 1, 2 & 3) - 211; ISC- (Grades 4 & 5) - 324; SSC -6,7,8 (Grades 6, 7 & 8) - 252

SAT / ACT

This program offers a cost-effective way to prepare for the college admission tests such as SAT and ACT. This is offered as a package of Math and English classes. Classes are 1.5 hours for each subject (total of 3 hours) every week. This is one program where the students themselves enquire about and enroll. The program has the highest enrollment amongst all NSF online coaching programs. The Junior level program for SAT and ACT is intended for students who prepare for tests used to enroll in talented programs such as Johns Hopkins CTY program, Duke's TIP program and PSAT. Enrollment: SAT Junior (Grades 6, 7 & 8) – 275; SAT Senior (Grades 9 thru 12) - 363

UNIVERSAL VALUES

To cater to the desire of the NSF parents who want to develop and nurture their children's character, this program has been running for the past 4 years. Online Universal Values program is one of a kind that teaches spirituality in a scientific way. It is not tied to a religion but still teaches human values. Mind's enrichment and the pursuit of happiness are tied together when the child travels through the journey of universal values Although the curriculum is the same for all 3 levels, the group dynamics and experience is different for Junior, Intermediate and Senior.

Enrollment: Junior - -(Grades 1, 2 & 3) - 34; Intermediate- (Grades 4 through 8) - 78; Senior - (Grades 9 & above) - 11

LIFE SKILLS PROGRAM

With an eye on teaching kids to become street smart, we started this new program last year. This 10-week program, for our popular demographic of 5th grade to 9th grade students, focuses on confidence building exercises. This program, conducted by successful teens, provides opportunity for the voung minds to learn from peers of their own age group. Many students who enrolled last year, are participating again this year as they realized the benefit of being confident in their day to day life activities. Unique to NSF coaching programs, we offered the Confidence Building classes twice last year (fall and spring semester). The popularity of this program is indicated by the fact that the classes become full within a few hours of opening for registration.

Enrollment: 323 students

COMPUTER CODING

Introduced as a pilot last year, the program intends to introduce the concepts of programming to young students. In 2018, Python programming was taught to students. NSF anticipates the program to evolve based on the feedback received from participating students.

Enrollment: 83 students

VEDIC MATHEMATICS

Introduced Vedic Mathematics to adult volunteers in 2018 to assess interest in the program and to create a pool of knowledgeable and trained coaches who can continue to teach students going forward. We hope to introduce the Vedic techniques to solving problems to kids in 2019.

Enrollment: 197 adults

ONLINE WORKSHOPS

NSF offers online workshops throughout the year on various topics to help the NSF parents and students. In preparation for the NSF regional and national contests, the online workshop program conducts two to three hour workshops at each level for Math, Science, Spelling Bee and Geography. Offered by former Scripps Spelling Bee winners, workshop for Spelling Bee is very popular among NSF parents. Over the last few years, NSF also conducted special workshops for NSF children who qualify for the National Scripps Spelling Bee.

In partnership with AcceptU, NSF offers workshops on College Admission Planning, Admissions to Ivy Leagues, integrated Pre-Med, and STEM education. These workshops are conducted by former admissions officers at some of the top colleges in the country.

Parenting Workshop:

North South Foundation presented a free seminar on Parenting for the I Generation at the Sama Rahi Auditorium, Hindu Temple of Greater Chicago, Il. 60439 on Sunday July 15, 2018 from 2:00 P.M. to 4:00 P.M.

Dr. Viji revealed the secrets of raising resilient, peaceful and successful children. We learnt how to identify and avoid the pitfalls when parenting through these critical years. Explored topics like positive discipline, dealing with temper tantrums, adolescent anxiety, depression, suicide, and educated use of technology, alcohol and drug abuse and raising resilient citizens.

It was attended mostly by young parents in Chicago and was graced by the President of the Temple, Dr. Rao. Attendance was around 100 individuals and the program received 90% approval from the audience.

McDonalds Chicago Expo 2018

This event was held at Northern Illinois Conference Center at 1120 Diehl Road in Naperville Illinois.

An outreach program to local school districts, principals, Indian community organizations and Asian Press such as Indian, Korean and Chinese with advertisements was undertaken before the event. The event was covered by Korean TV.

The purpose was to meet Admission Officials from Elite Universities, State Flagship Universities, and to evaluate Medicine and STEM programs offered by the Institutions. Seven Schools and Institutions participated, and they were, Purdue University, Loyola University, University of Iowa, University of California, Illinois Benedictine, Dupage College and Illinois Institute of Technology.

In the afternoon sessions we heard from Students enrolled at Yale, Harvard, University of Illinois and a Presidential State Scholar. We also heard from a Fulbright Scholar, and Professionals in Fortune 500 companies and Self- Employed Business Professionals as to how Education played an important role in their Success in Life. We also had a Speaker from McDonald's Corporation and North South Foundation.

We received 800 reservations and 400 attended this memorable event.

The Scholarship Process

North South Foundation (NSF) provides scholarships to undergraduate students entering into engineering, medicine, Dental, 3-year polytechnic (diploma in engineering), Diploma in Agriculture, BSc (Nursing and Agriculture, Veterinary) courses based on merit and financial need.

The scholarship process begins at the chapter level in India with an announcement. Each India chapter has a Chapter Coordinator (ICC) who is responsible for all activities of the chapter – from forming the selection committee, reviewing applications, interviewing applicants and giving the scholarship checks at an awards ceremony. Volunteers who live in USA and are closely associated with a chapter in India act as liaisons. Liaisons in US interact with the ICCs and are involved with the chapter in many ways - from actually starting the chapter by identifying a volunteer in India, to figuring out ways to spread the word, to meeting candidates while visiting India and more. The liaison also facilitates meetings between a scholar and an interested donor.

10 Steps to Make Sure "Your \$ Helps Educate Best and Brightest"

- 1. India Chapter announces scholarships through local media and in schools. The chapter coordinators also visits local colleges as part of the scholarship announcement (April-June)
- 2. Interested students submit an application online (June-Sept)
- 3. Students send a copy of the application along with the supporting documents to the chapter coordinators (June-Sept)
- 4. India Chapter Coordinator (ICC) forms a selection panel, reviews applications and shortlists candidates to interview (Sept)
- 5. ICC and selection panel interview candidates. One parent is expected to accompany the student. Bus or train fare is reimbursed to the student (Sept-Oct)
- 6. ICC sends recommendations to NSF India Coordinator in Hyderabad (Oct-Nov)
- 7. NSF India Coordinator and NSF US coordinator do final reviews. Sometimes further clarifications are requested before approval (Oct-Nov)
- 8. The Chapter also processes any renewals at this time since NSF supports the student through the entire course of study (Aug-Oct)
- 9. India Chapter holds an award ceremony and honors NSF scholarship

recipients (Dec-Jan)

10. Starting 2019, NSF is establishing chapters within universities to identify more number of scholars

NSF uses uniform eligibility criteria to identify poor but meritorious students across chapters. Eligibility criteria for NSF college scholarships are listed below:

- Marks in the top 10 percentile of 10th or 12th or CET/JET in the state
- Annual family income must be less than Rs 100,000 per year
- Student must have secured admission in an eligible course of study
- NSF gives scholarships after evaluating the need
- Scholarship varies from Rs 20,000 Rs 8,000 (per year) depending on the need and course of study

Every time a child participates in a North South Foundation (NSF) educational bee, workshop, or even an online course, another child in India benefits. What started off as one scholarship in 1989 has reached 2,000 scholarships in 2017 ¬– and that number is still growing. Over the past thirty years, NSF has provided more than 20,000 scholarships and helped students receive the higher education that they deserve.

North South Foundation Educating Poor Bright Students in India

North South Foundation (NSF) India team is working hard to help poor and bright students to pursue higher education. About 17,000 students in India pursued higher education in the last 10 years with NSF India scholarships. On an average, NSF India helps 2000 students each year by awarding a total of 400k USD (equivalent to 2.8 Crore Rupees). The scholarships are given to the poorest of the poor students and the social impact is enormous. Every NSF family member should be proud of this achievement.

NSF India Scholarships from Year 2008 - 2017

The identification of the most deserving candidates, with top-notch academic record and true financial need, is not an easy task. The current eligibility criteria for NSF India scholarships are:

- Student must be in top 10% both in 10th &12th class
- Secured admission to pursue Engineering, Medicine, Dental, Diploma courses
- Family income should not exceed Rs. 1,00,000 per year

There are a large number of (30+) chapters distributed all over India with Headquarters in Hyderabad. The India Chapter Coordinators (ICCs) and corresponding Liaisons in US do an excellent job of identifying students who are academically brilliant but in need of financial support.

The announcement for the scholarships goes out in the month of July and applications are accepted till end of October. Detailed guidelines/norms for award of scholarships are kept in NSF's website and also announced in major newspapers, online, personal references, as well as by word of mouth. All students complying with the eligibility criteria should register their application ONLINE and submit hard copies of their Application along with all relevant documents to their nearest Chapter Coordinator (ICCs). The ICCs receive applications and after preliminary scrutiny forward all the eligible applications to NSF's Main office in Hyderabad, along with their recommendations. NSF, Hyderabad office, will, after final scrutiny, send the final lists along with National Coordinator's recommendations to the US for approval. A schematic diagram of the process is shown in the Figure below.

Finals 2018: Top 3 Ranks

Junior Spelling Bee

1st Rank **Achuth Vinay** Fresno, CA

2nd Rank **Grisham Paimagam** Atlanta, GA

3rd Rank **Akash Vukoti**San Antonio, TX

1st Rank **Abhijay Kodali** Dallas, TX

2nd Rank **Navneeth Murali** Edison, NJ

Junior Vocabulary Bee

3rd Rank **Dhyana Mishra**Orlando, FL

1st Rank **Ishaana Vishwanath** Barrington, IL

2nd Rank **Nishka Reddy** San Diego, CA

3rd Rank **Diya Somnali** Orlando, FL

Intermediate Vocabulary Bee

1st Rank **Navneeth Murali** Edison, NJ

2nd Rank **Neha Chelamkuri** Dallas, TX

3rd Rank **Vayun Krishna** Palo Alto, CA

1st Rank Rajarshi Mandal Manchester, NH

Math Level 1

2nd Rank Anika Malyavanatham Portland, OR

3rd Rank Surya Raghavan Parsippany, NJ

1st Rank **Om Patel** Indianapolis, IN

2nd Rank **Rohith Raghavan** Cambridge, MA

Math Level 3

3rd Rank Shreyan Paliwal Portland, OR

1st Rank Pavan Jayaraman Princeton, NI

2nd Rank **Divyesh Murugan** Parsippany, NJ Junior Geography Bee

3rd Rank **Rohit Dasanoor** Cleveland, OH

1st Rank Anish Raja Atlanta, GA

2nd Rank Yash Jaju Los Angeles, CA

3rd Rank Nirmal Melam Des Moines, IA

Senior Geography Bee

1st Rank **Shreyan Mitra** Santa Clara, CA

2nd Rank **Kaylan Patel** Orlando, FL

3rd Rank **Adrija Kundu** Edison, NJ

3rd Rank **Satvik Pochiraju**Columbus, OH

Essay Writing 3

1st Rank **Anirudh Iyer** Worcester, MA

2nd Rank **Palak Mehta** Princeton, NJ

3rd Rank **Aditi Sridhar** Wilmington, DE

Public Speaking 3

1st Rank **Izam Karukappadath**Worcester, MA

2nd Rank **Shaurya Mehta** Los Angeles, CA

3rd Rank **Mahathi Mangipudi** Seattle, WA

Senior Brain Bee

Shouri Bochetty Peoria, IL

2nd Rank **Lipika Narisetti** Columbus, OH

3rd Rank **Sraavya Anne** Cleveland, OH

1st Rank Bhavya Dash San Jose, CA

Junior Science Bee

2nd Rank Ishidevesh Behera Edison, NJ

Intermediate Science Bee

3rd Rank Tarun Venkatesh Cambridge, MA

1st Rank Vishnu Mangipudi Seattle, WA

2nd Rank Sohil Rathi San Jose, CA

Senior Science Bee

3rd Rank **Rohith Raghavan** Cambridge, MA

1st Rank Om Duggineni Fairfax, VA

2nd Rank Saipranav Kosuri Raleigh, NC

3rd Rank Shreya Mogulothu Princeton, NJ

Intermediate Brain Bee

1st Rank Sharvani Vadlamani Cherry Hill, NJ

2nd Rank **Anmol Bhatia** Parsippany, NJ

3rd Rank Deboshri Kanjilal St. Louis, MO

The North South Foundation (NSF) was established in 1989 as a non-profit and tax-exempt entity to award scholarships to exceptionally qualified needy students in India entering colleges regardless of religion, gender, caste or geographic origin. Over the years, NSF has given more than 3000 scholarships. In addition, NSF organizes activities for children of Indian origin living in the USA and Canada such as spelling, vocabulary, math, geography, essay writing and public speaking contests. Checks should be made to North South Foundation and mailed to North South Foundation, 2 Marissa Ct, Burr Ridge, IL 60527. You can also sign up online and watch the total grow

(http://www.northsouth.org/dollarasquare.asp)

Contribution Form
