

मेधस Academy is organizing Free Common Core-based Math Prep Tests for children across United States. The online tests will be conducted on 28th of March and is open for any 3rd to 8th grade children nationwide. After the test, **मेधस Academy** will provide the child's score on the assessment, as well state-level and national-level percentiles to the parents.

If you have a 3rd to 8th grader, you may register your child(ren) on the assessment site <http://mathusacademy.org>. For detailed instructions on how to register, please visit the blog: <http://mathusacademy.com>. If you have any friends or family who could be benefited the free online assessments, please feel free to forward the information and links to them. If you are a resident of Georgia, the tests will be conducted on premise in Atlanta on different dates. You will find the instructions for Georgia on premise test registrations and other test details on the blog: <http://mathusacademy.com>.

The prep tests are completely free of cost. Parents may make voluntary donations to North South Foundation by clicking on the 'NSF Donation' link on <http://mathusacademy.org>. The proceeds will go directly to NSF towards providing scholarships to talented, poor children in India. **मेधस Academy** will not accept any donations other than the donations to NSF.
