1.0 Introduction

Founded on the principles of excellence and service, the **North South Foundation (NSF)** has remained steadfast in its mission to promote academic achievement and provide educational opportunities to deserving students. Since its inception, **NSF** has been a beacon of hope and empowerment, bridging the educational gap through scholarships, educational contests, and Creative learning assessment initiatives.

The foundation, driven by the firm support of its volunteers and donors, has consistently championed the cause of education, enabling students from diverse backgrounds to reach their fullest potential. Through its myriad programs and events, **NSF** not only fosters academic excellence but also nurtures the spirit of giving back, cultivating a community of future leaders committed to making a positive impact.

As we reflect on the milestones achieved over the past year, we are reminded of the transformative power of education and the relentless dedication of our community.

2.0 Message from Managing Trustee

As we look back on the past year, I am overwhelmed with a deep sense of pride and gratitude for the incredible progress we have made together. Our relentless dedication to providing educational opportunities and financial aid to de serving students has driven us forward, and it is your enduring support and generosity that have made this possible. With your help, we have been able to transform the lives of countless young individuals, opening doors to brighter futures and fostering a culture of learning and growth.

Our competency-based education initiatives have flourished, significantly enhancing students' critical thinking and creativity. Our local scholarship chapters have played a pivotal role in identifying and nurturing talent, ensuring that our resources reach those who need them most. We are proud to announce that the NSF team has awarded over 3,300 scholarships and an average of 32,000 students benefited from our assessments this year alone.

Our assessments have not only aided students in preparing for their exams but also deepened their understanding of various subjects. The enthusiasm and academic progress of these learners showcase the significant impact of our programs. Our students have excelled academically and are going forward for higher education. We have also expanded our partnerships with schools and educational institutions, further strengthening our support network for students across India.

As we move forward, our commitment to education remains strong. We aim to further expand our scholarship programs and educational initiatives, ensuring every deserving student has the opportunity to realize their potential. We are continuously exploring innovative ways to enhance our support systems and create sustainable impacts on our children's lives.

I extend my heartfelt thanks to our donors, volunteers, and partners. Your generosity and support have been the cornerstone of our success. Together, we are transforming lives and building a brighter future.

Thank you for being an integral part of the North South Foundation family. Let us continue to work together to help every deserving student and pave the way for a prosperous future.

Warm regards,

J.S.R. Prasad

Managing Trustee,
North South Foundation

3.0 About us

Founded in 2004, **North South Foundation (NSF) India** has been dedicated to supporting education for economically disadvantaged and academically brilliant students through competency-based education initiatives, scholarships and educational contests.

North South Foundation-India is a volunteer driven non-profit organization established in 2004.

Vision

Empower every child to achieve their maximum potential

Mission

- Provide education scholarships and resources to needy children
- Empower every child to excel in education and to be an empathetic and holistic leader
- Provide a platform for volunteers to support the community

Core Values

- **Integrity:** Upholding the highest standards of honesty and transparency.
- **Excellence:** Striving for excellence in all our programs and initiatives.
- **Inclusivity:** Ensuring equal opportunities for all students.

Scholarship Program

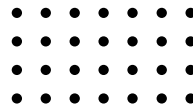

Our Scholarship Program plays a pivotal role in our mission. By offering detailed overviews of the program, including our rigorous selection criteria and the profound impact on recipients, we ensure that the most deserving students receive the support they need. The program not only covers tuition fees but also provides mentorship and additional resources to help students thrive.

Eligibility Criteria for NSF Scholarship:

- Applicants must have successfully completed their Class 12 Board Exams.
- Diploma students seeking the NSF Scholarship must have passed their Class 10 Board Exams.
- Candidates must have ranked in the top 10% in their state or national ranks.
- Applicants must also have secured commendable rankings in CET, NEET, or JEE Exams in their respective states.
- The annual family income of applicants should not exceed ₹ 2,00,000.
- For graduate studies, candidates must have secured admission in one of the following professional courses:

Courses	Scholarship Amounts per Annum (₹)
Engineering	₹ 25.000
Diploma in Engineering	₹ 10.000
MBBS	₹ 30.000
BAMS (Ayurvedic Medicine)	₹ 25.000
BHMS (Homeopathic Medicine)	₹ 25.000
BDS (Dental Surgery)	₹ 25.000
Veterinary Science	₹ 25.000
Architecture	₹ 25.000
B. Pharma	₹ 25.000
B.Sc (Agri)	₹ 25.000
B.Sc (Nursing)	₹ 25.000

Application process

Students need to submit their Class 10th & Class 12th board exam results, admission confirmation, and income proof.

The screenshot shows the NorthSouth Foundation India Scholarships homepage. At the top, there is a navigation bar with the NorthSouth Foundation logo, a Home button, and a Login button. The main content area is titled "India Scholarships" and features five categories of users, each with an icon and a description:

- APPLICANT** (Freshers - Already registered earlier)
- APPLICANT** (Beginning until 31/12/2023) (Freshers - Applying for Scholarship)
- SCHOLAR (RENEWAL)** (Currently receiving NorthSouth Scholarship)
- ALUMINI** (Graduated & not receiving Scholarship)
- VOLUNTEER** (Serving NorthSouth)

Scholarships 2023-2024

Creative Learning

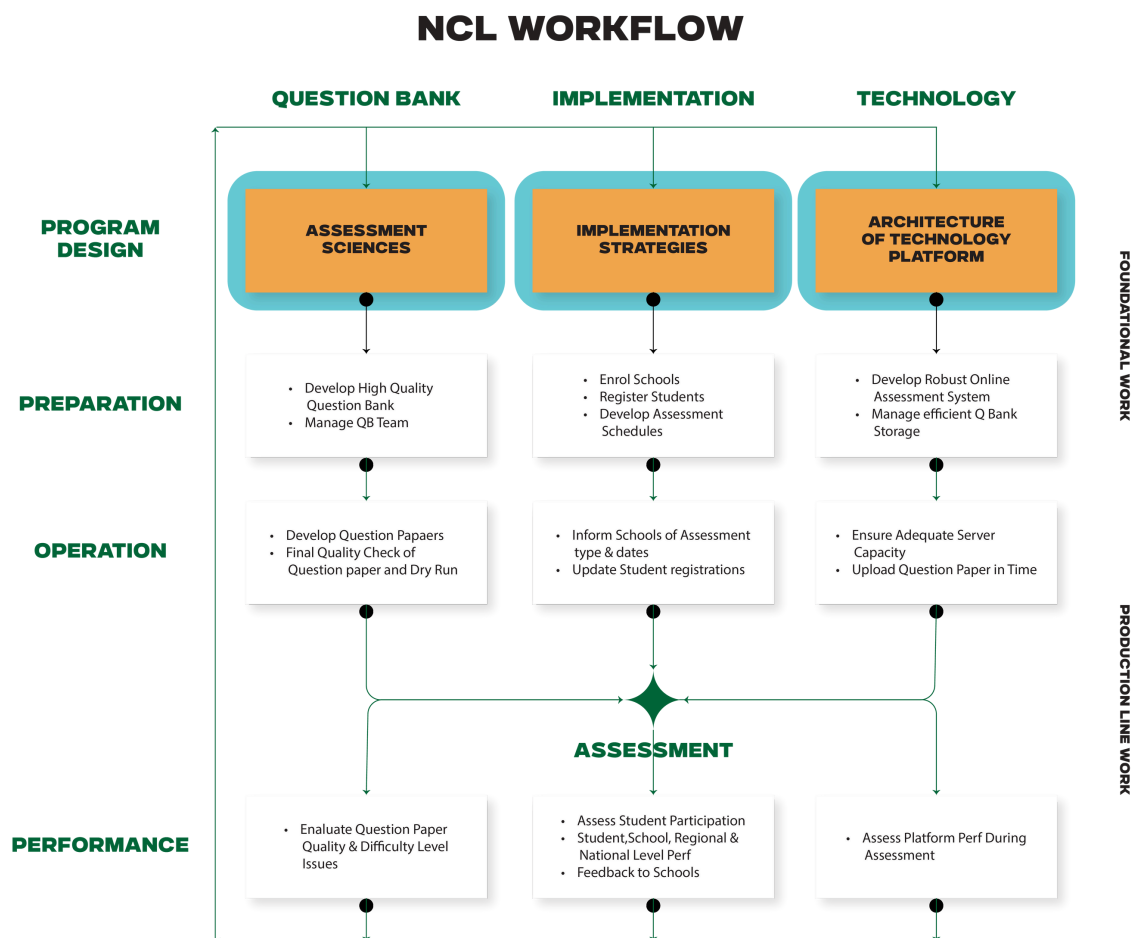

This year has been a testament to our firm dedication to education and creative learning. We proudly awarded over 3000 scholarships to students who demonstrated both merit and financial need. Our organization also organized Spelling Bee contests across various regions, sparking enthusiasm and intellectual growth among participants. In response to the growing demand for flexible education, we launched innovative initiatives aimed at supporting remote learning, making quality education accessible to students from diverse backgrounds.

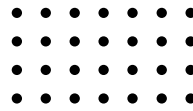

Workflow Diagram Overview for Student Assessments Execution

The comprehensive Workflow Diagram below illustrates all the critical elements involved in executing student assessments. The diagram is divided into two main sections:

1. **Foundational Work:** This encompasses the initial phase, including Program Design and Preparation.
2. **Production Line Work:** This section focuses on the cyclical process of preparing for assessments, executing them, and measuring and reporting outcomes.

Technology workflow progress

NCL's progress under the three Workstreams is discussed below:-

Platform Migration

The NCL platform has been successfully migrated to the Azure server.

Load Testing

Load testing for the student interface has been completed. Load testing for QB Admin, School Admin, and Drill-down reports has been initiated.

Product Technology Modifications

Technology modified to facilitate subject-wise and grade-wise assessments. Conducted a 21st-century skills assessment for identifying gifted students at the request of National Institute of Advanced Studies (NIAS).

User Policy Implementation

Partially implemented user policy with restricted access for other users during assessment times.

Collaboration with Khan Academy

Interaction with Khan Academy is in progress for a remedial channel.

Team Enhancement

As approved in the NSF Board meeting on 30.08.2023, the Technology team has been strengthened with three additional human resources focusing on Quality Assurance, Azure Cloud Service Administration, and User Interface/User Experience.

Private School Contest

Organized a contest for private schools and adopted newly added schools.

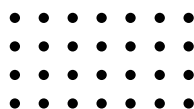

Sadhana Implementation

Fully implemented Sadhana with all technological facilities. Provided necessary technology support for the analysis of adaptive algorithms, including student test results.

Dashboard Updates

Updated dashboards with modifications to report formats.

Implementation workflow progress

In this academic year, we conducted a total of seven assessments. This was a pivotal year as we implemented curriculum-based, grade-specific assessments for grades VI to X. The duration of these assessments was increased from 60 minutes to 90 minutes to cover Mathematics, English, and Science comprehensively.

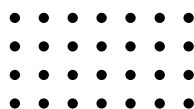

Starting with the January 27th Sodhana assessment, we introduced a time limit of 30 minutes per subject to ensure students spend equal time on all three subjects.

Assessment Participation and Performance Overview

The performance and participation levels in the assessments over the past few months have shown significant changes. Below is a summary of these assessments, highlighting key details such as participation numbers and the overall performance of the platform during each event

Assessment	Date	Number of Students	Performance
December 30, 2023	Dec 30, 2023	20,716	Some technical difficulties encountered during the assessment.
Half-Yearly Sodhana	Jan 27, 2024	29,889	Significant improvement in participation and platform performance; greater stability & efficiency.
Annual Sodhana	Feb 17, 2024	54,514	Highest participation; smooth assessment without technical difficulties.

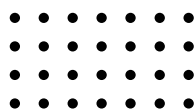

Implementation workflow progress

The status of schools enrolled in the NCL Assessment activities, as well as the number of registered students, is detailed below:

SCHOOLSYSTEM	NO. OF SCHOOLS	STUDENT REGISTRATIONS
NVS	643	140862
OAVS	80	29813
TELANGANA SOCIAL WELFARE	28	7694
TELANGANA TRIBAL WELFARE	14	4456
EKALAVYA MODEL SCHOOLS	4	852
APSWREIS	2	358
STATE BOARD- KARNATAKA	9	3195
STATE BOARD- ANDHRA PRADESH	3	308
STATE BOARD- TELANGANA	1	471

Question bank workflow progress

Since December 18th, 2023, significant advancements have been made in updating and expanding the Question Bank:

Additions and Quality Checks:

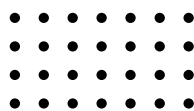

- o Added 8,405 original questions and 5,850 practice questions.
- o Quality checked 12,241 original questions and 340 practice questions over the last three months.

Status (as of 11.03.2024)

Status of Question Bank Development Grades VI to XII as on 11.03.2024

ACTIVITY	TARGET NUMBER	QB ACHIEVEMENT NUMBER / %
ORIGINAL QUESTIONS	61,582	55,594 / 90%
PRACTISE QUESTIONS	46,664	17,708 / 38%
100% QUALITY CHECK ORIGINAL QUESTIONS	69,116	32,651 / 47%
5 % QUALITY CHECK PRACTISE QUESTIONS	2,333	1,097 / 47%

Question bank workflow progress

Future Targets

- o Completion of all original questions by June 30th, 2024.
- o Completion of quality checks by July 31st, 2024, ensuring readiness for the 2024-25 academic year.

Contributors

25 active contributors are adding, verifying, and quality-checking the Question Bank updates under the guidance of an NSF coordinator.

Innovations

Inclusion of questions in various formats such as images, graphs, diagrams, maps, and tables to enhance student engagement and creativity.

Translation Process

Developed a two-step process for translating Mathematics and Science question papers into Telugu and Hindi. This involves initial translation using Google Translator AI, followed by verification and correction by experienced teachers.

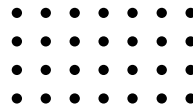

Expansion to Grades XI and XII

For the first time, we are generating question papers for 11th and 12th grades, incorporating elective subjects (Mathematics, Biology, Biotechnology). Collaboration with the technology team is underway to include these subjects in the Sadhana and Sodhana Assessments.

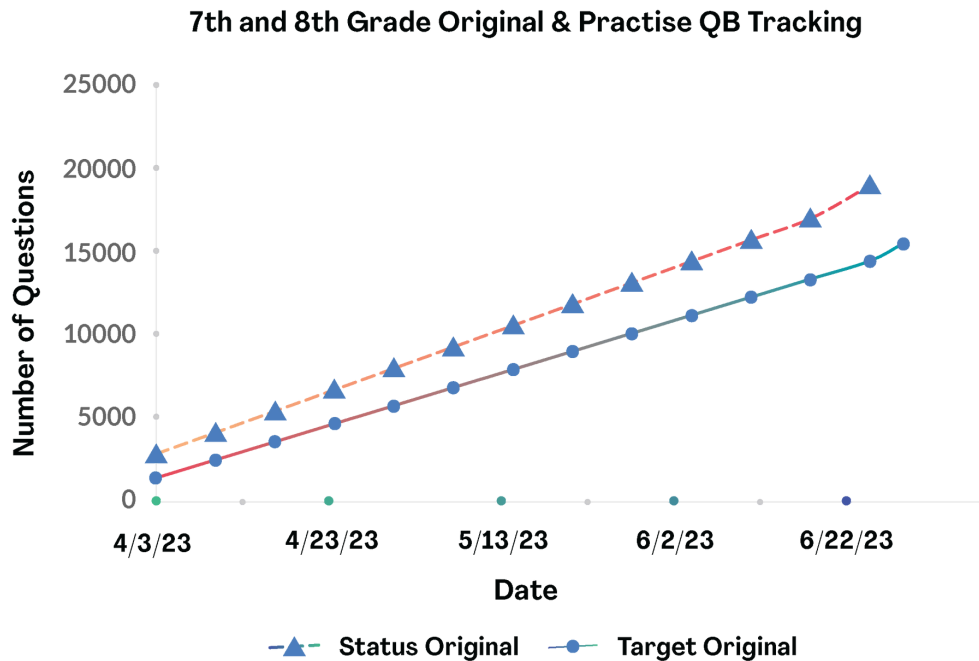

Assessment Blueprints

Significant effort has been made to develop Assessment Blueprints for grades 6th to 10th this quarter. Blueprints for 11th and 12th grades are currently under development.

Phase 4

EDUCATIONAL CONTEST: SPELLING BEES, MATH COMPETITIONS

SUBJECTS	GRADES -2,3,4	GRADES 5, 6	GRADES 7, 8, 9
MATHS	MATH 1 (MB1)	MATH 2 (MB2)	MATH 3 (MB3)
SCIENCE	JUNIOR SCIENCE (JSC)	INTER SCIENCE (ISC)	MATH 3 (MB3)
VOCABULARY	JUNIOR VOCAB (JVB)	INTERMEDIATE VOCAB (IVB)	
SPELLING	JUNIOR SPELLING (JSB)	SENIOR SPELLING (SSB)	

NSF India, in addition to providing scholarships to deserving and talented students, actively promotes creative learning through BEE Competitions. Over the past 12 years, we have organized global-standard competitions in Math, Science, Vocabulary, and Spelling for students from 2nd Grade to 9th Grade. We firmly believe that the progress of students hinges on the strategic support and cooperation we extend together.

Our question papers and study materials are meticulously crafted by experts in the USA. These competitions aim to foster high levels of self-confidence, self-esteem, and a healthy competitive spirit among students.

We are proud to have regular participation from esteemed schools such as **Phoenix Greens, Oakridge, Meridian, Kennedy High, and Silver Oaks.**

Traditionally, these competitions have been conducted within the respective schools. However, in response to the recent pandemic, we have successfully implemented online solutions. For the past two years, we have initiated online competitions. The syllabus for these competitions is based on the CBSE academic curriculum, emphasizing logical thinking and creativity. The core mission of NSF is to nurture children as creative learners, moving away from rote learning. We also provide a digital version of the practice workbook for each competition.

IMPACT STORIES

I am Sukhana Tarunu. First and foremost, I want to extend my heartfelt thanks to the North South Foundation for granting me this incredible opportunity.

My seniors highlighted this scholarship as a remarkable opportunity for me, sharing their positive experiences, which encouraged me to explore it further. Through the NSF scholarship, I received a total of ₹25,000, significantly aiding in covering my tuition fees and easing my family's financial burden.

This scholarship has supported me in numerous ways. It enabled me to cover my hostel expenses and even allowed me to purchase a laptop. For many students, even if they manage to pay their tuition fees, affording additional resources such as books or courses to enhance their learning remains a challenge.

As a computer science student, staying updated and improving my skills is crucial, whether it's by purchasing online courses, tools, or study materials. This scholarship has provided me with the resources I need to grow both academically and professionally.

SUKHANA TARUNU

B. GAYATRI

I'm B.Gayatri, currently in my third year at university, and I receive a scholarship that helps me pay my miscellaneous and tuition fees. I first learned about this scholarship through my friends. The NSF scholarship has significantly impacted our financial situation by providing essential financial assistance. Additionally, NSF organized a skill development programme. Being selected for this scholarship was a tremendous opportunity for me.

The skill development programme has been extremely beneficial for both me and my friends. It improved our communication skills, soft skills, and aptitude through spoken English sessions. We had a 10-minute speaking activity at the end of each session, where Ma'am would correct any mistakes we made, helping us to improve our skills effectively. The regular practice sessions have made me more fluent.

The programme also taught me problem-solving and logical thinking through aptitude training. It introduced me to new techniques for solving complex problems. This skill development programme has helped me in various aspects of personal and professional growth. I am thankful to Mamata Ma'am for her support, and to our spoken English trainer, Sushma Ma'am, and Rajni Ma'am, for their guidance. The trainers were very supportive and approachable, and they helped me a lot throughout the programme.

IMPACT STORIES

I am Bhagyashree, and I am deeply grateful to be a scholarship recipient from the North South Foundation.

I learned about this scholarship through my seniors in 2023, during my second year of B.TE through lateral entry. I applied and was selected for the scholarship, receiving an amount of ₹25,000. This financial support has been instrumental in paying my hostel fees, which are around ₹2,000 per month, and covering my academic expenses such as books and study materials.

In addition to the scholarship, the North South Foundation also provides skill development courses, which include life skills and aptitude training programs. These programs have been instrumental in my personal and professional development.

BHAGYASHREE

"I think the test conducted by North South foundation have become more relevant and important, these tests conducted by North South Foundation indirectly prepared me to farewell in the coming cbse board examination."

ROHIT
STUDENT, CLASS XI,
JAWAHAR NAVODAYA VIDYALAYA (TELANGANA STATE).

I grab this opportunity to put forward my own views on the test conducted by North South Foundation. This test enhance my creativity critical thinking and reasoning a lot, in fact it reinforced me in learning in the classrooms. I'm really very thankful to this North South Foundation for providing us with such an excellent opportunity I have been attempting this test from the past 2 years and I found it really amazing and very useful particularly for the science students.

APURVA
STUDENT, CLASS XI,
JAWAHAR NAVODAYA VIDYALAYA (TELANGANA STATE).

106 students receive NSF scholarships

The students who received North South Foundation scholarships at Siddhartha Academy of Higher Education in Vijayawada

**HANS NEWS SERVICE
VIJAYAWADA**

THE North South Foundation (NSF) distributed renewal scholarships to 106 deserving students for the academic year 2024-25. Each scholarship, valued at Rs 25,000, aims at supporting and empowering students in their pursuit of higher education.

The total value of scholarships is Rs 26.5 lakh. Dr Paruchuri Venkateswara Rao, Vice-Chancellor of Siddhartha Academy of Higher Education, Deemed to be University, emphasized the importance of education in shaping the future and urged the students to use this opportunity to excel academically and contribute positively to society.

Tatavarthi Durga Malleswara Rao, Dr C L Venkata Rao, Dr Achyuta Babu Kamineni, Dr Ravichand, Surapaneni Venkata Ratnam and Dr Ch Baby Rani spoke on the value of perseverance and the role of education in personal and social growth.

The North South Foundation has long been dedicated to providing financial support to talented students from underprivileged backgrounds, helping them overcome financial barriers and achieve their academic goals. The renewal scholarships are part of NSF's continuous efforts to create opportunities for young minds to succeed and make a positive impact on their communities.

The recipients of the scholarships expressed their gratitude and commitment to using the support for their academic growth and future career paths.

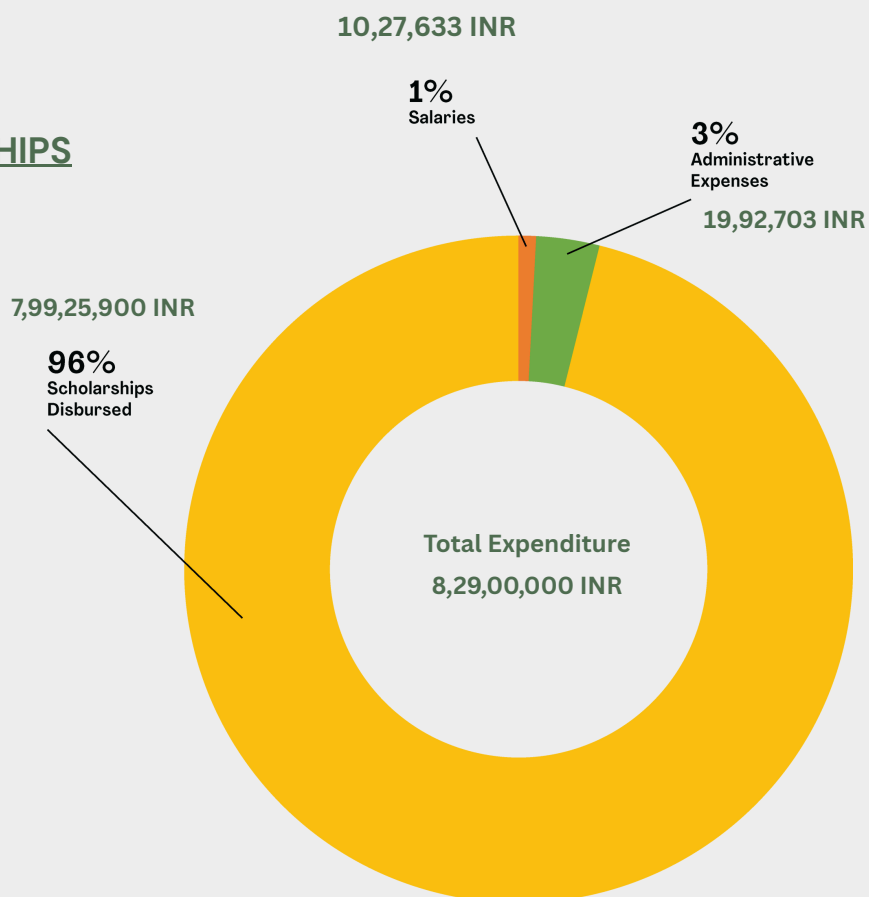

CHALLENGES

Funding: Raising sufficient funds within India to support all eligible students

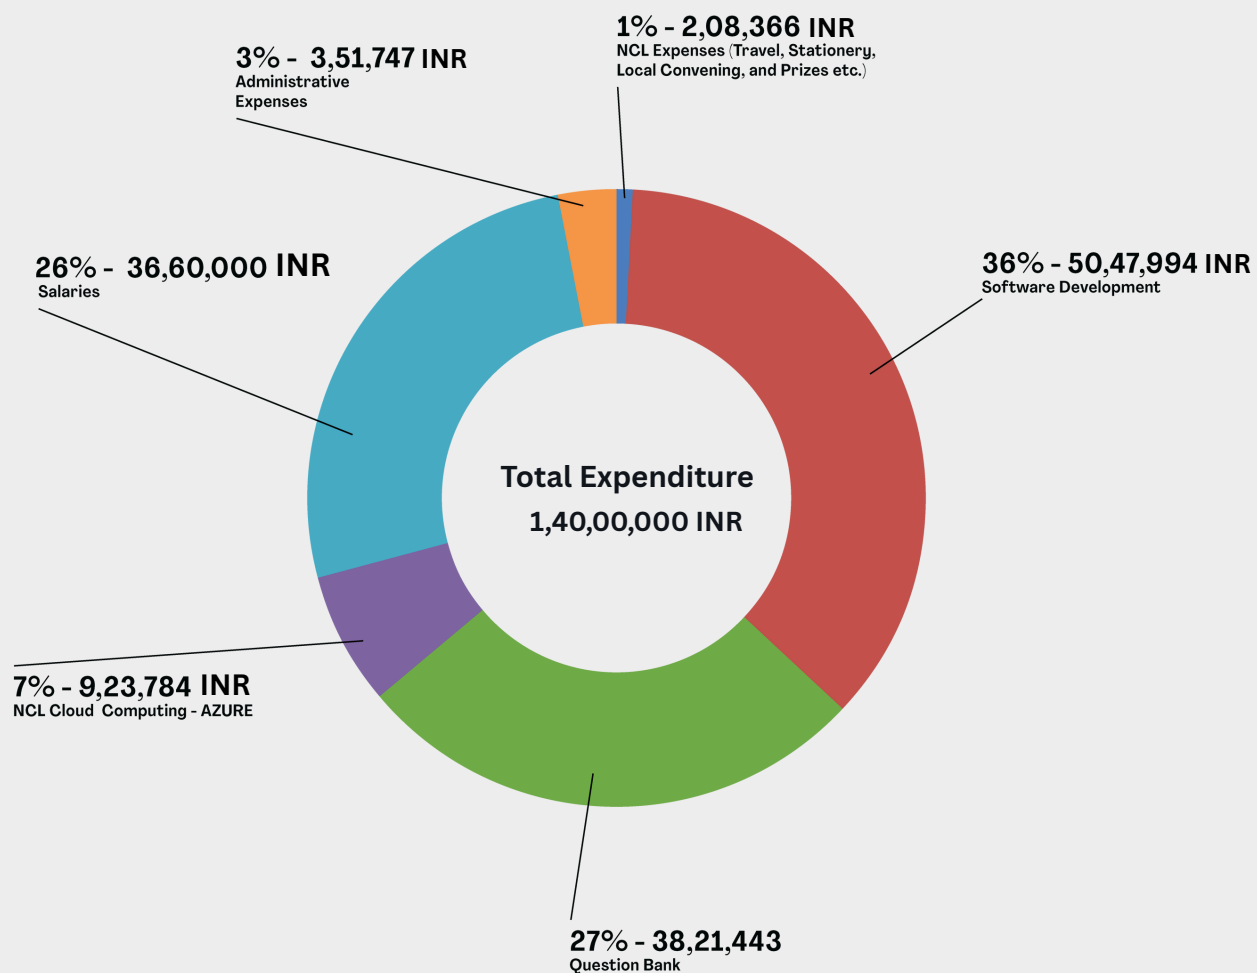

Awareness: Ensuring that all meritorious students are aware of the scholarship opportunities

FINANCIAL OVERVIEW

CREATIVE LEARNING INITIATIVES

Events & Activities

NCL Program Management Workshop

Date: February 8, 2024 Time: 11 AM – 5 PM

Venue: Jigya Software Premises, Madhapur, Hyderabad

Workshop Objectives

Participants to enhance their understanding of the NCL program and their individual role in the program

Participants to understand the importance of teamwork for establishing functional relations for effective program implementation

Participants to develop understanding on the project performance indicators for improving the program efficiency

Agenda

11:00 – 11:10	Welcome address	Facilitator - Mallikarjuna Rao
Facilitator - Ramesh Babu	11:10 – 11:30	Introduction of the participants, workshop objectives and agenda
11:30 – 11:40	NCL vision	Facilitator - Sandhya Kanneganti
11:40 – 12:20	Participants understanding of the NCL program and their role in the program. Appreciative Enquiry approach!!	Facilitator - Ramesh Babu Sandhya K/M Rao
Facilitator - Ramesh Babu	12:20 – 13:00	SWOT analysis of the program (in large group)
13:30 – 14:00 Lunch Break		
14:00 – 14:30	Team building activity	Facilitator - Ramesh Babu
	14:30 – 14:50	Program Targets for FY 2024-25
		Facilitator - Sandhya Kanneganti
14:50 – 16:30	Program key performance indicators Vertical wise	Facilitator - Ramesh Babu
16:30 – 16:50	Final synthesis and closure of the workshop	Facilitator - Mallikarjuna Rao

Participants List

Ramesh Babu Vasireddy – Workshop Facilitator

Sandhya Rani Kanneganti – Chairperson NCL

Mallikarjun Rao Chalasani – COO (Acting)

Ramachandra Adamane – Academic Advisor

A.V. Govinda Rao – Tech Head

Ms. Padma Kollipara - Implementation

Ms. Sushmita Anand – Question Bank

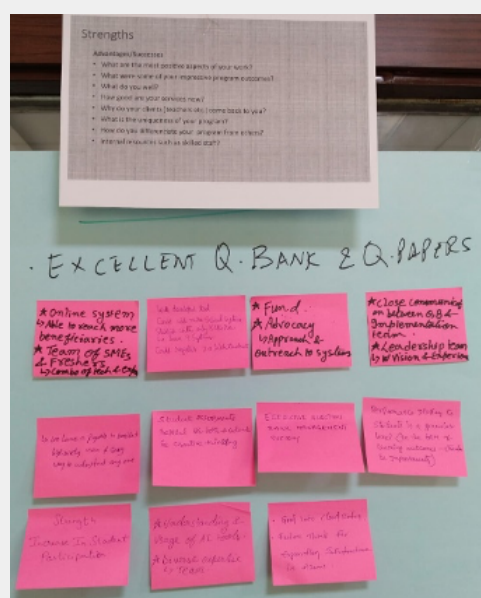

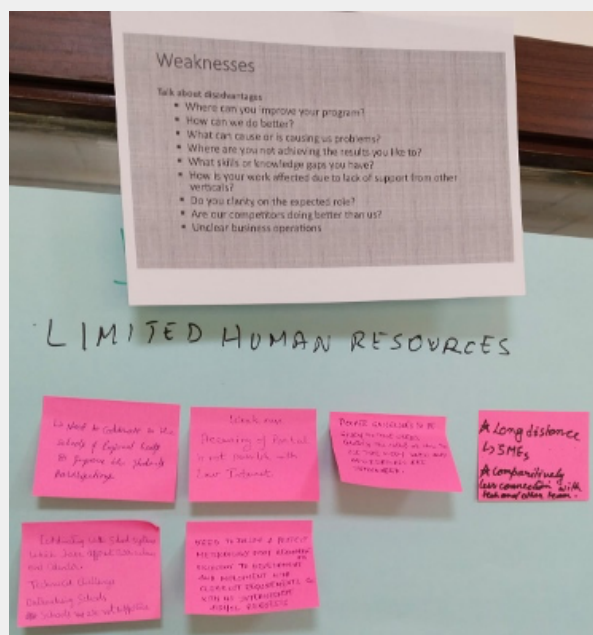

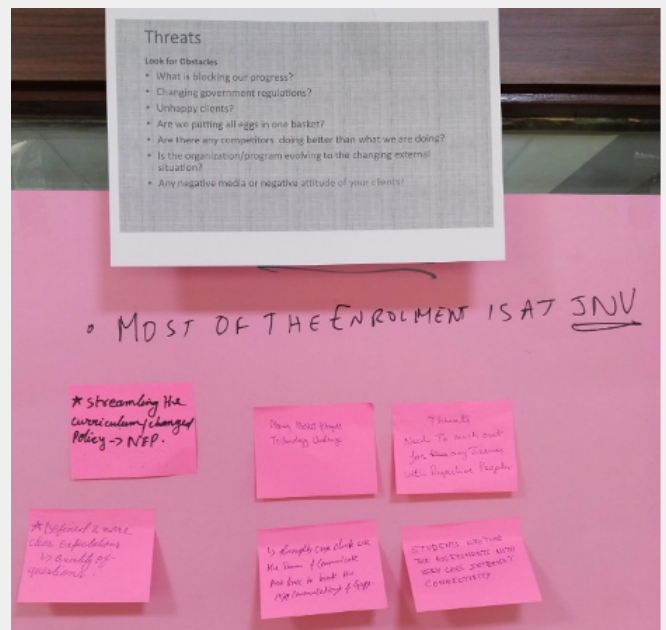

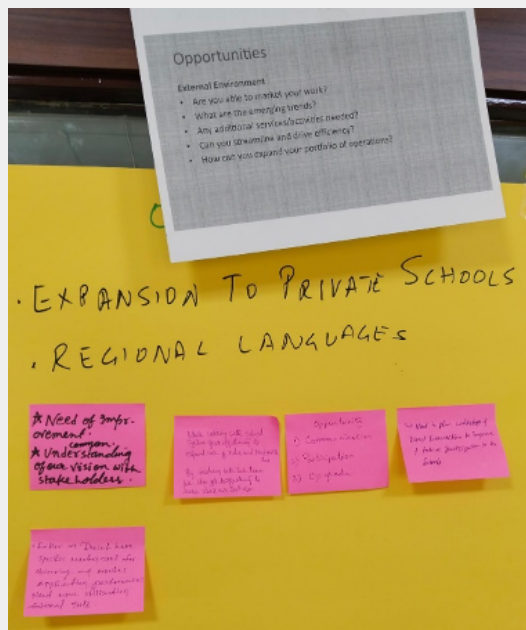

Mr. Arjun Kumar – Tech Lead

Mr. Sudish Nair – Net Developer

Mr. Mahesh Yadav – Azure Cloud Administrator

Mr. Rajesh Babu – Test Engineer

Mr. Vikas Kumar – Web Designer

6.0 Partnerships & Collaborations

We extend our heartfelt gratitude to our major donors and sponsors, whose support has been instrumental in the success of our programs. Their generous contributions have had a profound impact on the foundation's mission to provide educational opportunities and support for students in need.

We are deeply thankful to our supporters for their significant contributions. Their generosity has enabled us to expand our reach and enhance the quality of our programs.

With the support of donors in India and funding from NSF USA, we have provided over 3,000 scholarships. The funding from NSF USA and FDR has helped us in conducting numerous assessments, and organized various contests. These initiatives have empowered students to pursue their academic goals and develop essential skills for their future careers.

The impact of our donors' contributions is reflected in the success stories of countless students who have benefited from our programs. Their support has not only alleviated financial burdens but also inspired hope and motivation among the recipients. We look forward to continuing our mission with the continued support of our dedicated donors and sponsors.

Thank you for your invaluable contributions and for believing in our vision of a brighter future for all students.

7.0 Future plans (Scholarships)

Increase the number of chapters and beneficiaries

Implement new fundraising strategies to secure more donations

Collaborate with more educational institutions and corporate sponsors

Conduct outreach programs and use social media to reach a wider audience.

Future plans (Creative Learning)

As we look ahead, our dedication to enhancing educational opportunities and fostering creativity remains steadfast. Our key goals and objectives for the coming year are designed to broaden our reach and deepen our impact.

We aim to increase scholarship distribution by 20%, thereby providing essential support to at least an additional 1,000 deserving students across various fields of study. In terms of program expansion, we plan to introduce our Creative Learning and Leadership Initiatives to five new regions, ensuring that more underserved communities benefit from our innovative approaches. To support these ambitions, we are targeting a 30% increase in fundraising efforts. This will involve launching new campaigns and strengthening ties with our existing donor base.

New Initiatives

To further our mission, we are excited to roll out several new programs and initiatives next year.

We will launch a digital learning platform to deliver engaging and interactive educational content to students in remote areas. Additionally, our new mentorship program will connect students with professionals, providing valuable guidance and insights. We also plan to establish Creative Labs in selected schools, equipping them with resources to foster hands-on learning and creative expression.

Strategic Plan

Looking further ahead, our strategic plan for the next 3-5 years focuses on sustainable growth, innovation, and maximizing our impact. We aim to extend our programs to 15 new regions, increasing access to quality education. Strategic partnerships with educational institutions, corporations, and other NGOs will amplify our efforts. To ensure we are meeting our goals, we will implement robust impact measurement tools. Financial sustainability remains a priority, with efforts to diversify our funding sources and create long-term financial models that support our mission.

These goals, new initiatives, and strategic plans will guide us in creating a brighter future for students everywhere. Your continued support and dedication are vital to our success, and we look forward to achieving these milestones together.

Standardized Assessment Format and "Mission 200K" Initiative

We are pleased to announce that we have established a standardized format for conducting assessments. The features of these assessments are as follows:

- All assessments will be curriculum-based and grade-specific.
- Each assessment will last 90 minutes, with equal time allocated to Science, English, and Mathematics.
- There will be three Sodhana Assessments (Summative Assessments): quarterly, half-yearly, and final.
- We will conduct five to six Sadhana Assessments (Formative Assessments), subject to scheduling.
- All Sadhana Assessments will consist of simple questions.
- Sodhana Assessments will feature more complex, scenario-based questions.
- Starting from the 2024-25 academic year, we are including Grades XI and XII in our assessment program.

Having overcome initial challenges, we are now poised for significant growth in student registrations and participation for the 2024-25 academic year. Our goal is to increase registrations to 500,000 students and participation to 200,000 students. This ambitious target necessitates substantial enhancements in the capability of our Assessment Platform to manage the increased load. Additionally, our Implementation Team's capacity must expand to accommodate the enrolment of new schools and students.

To achieve these goals, we are launching "Mission 200K", a dedicated initiative to galvanize our team and ensure all workstreams operate in a mission-focused mode to reach our 200,000-student participation target for the upcoming academic year.

8.0 Acknowledgments

We extend our heartfelt gratitude to all those who have supported Creative learning throughout this incredible journey. Your generosity, dedication, and support have been instrumental in helping us achieve our mission.

We are profoundly grateful to our generous supporters for their belief in our cause, which has enabled us to transform countless lives and nurture creativity through educational initiatives. A special thanks to our amazing volunteers whose selfless dedication and hard work have been the backbone of our programs, bringing hope and inspiration to many young children. We also commend our exceptional staff for their passion and commitment, driving our success and ensuring the smooth operation and growth of our initiatives. Additionally, we deeply appreciate our valued partners for their crucial collaboration and support, amplifying our impact and helping us achieve remarkable milestones.
